### PROFILE

I am a Dynamic IT professional with 22 years of extensive experience across service-oriented and product-focused organizations, including HP, TechMahindra, Cisco, FICO, and startup Above Solutions. Expertise spans diverse roles such as Developer, Technical Lead, Technical Consultant, Technical Manager, and Engineering Supervisor, showcasing leadership and adaptability in delivering innovative solutions across domains like Manufacturing, Retail, Mobile, Logistics, and Banking.

Currently leading the product engineering team for Honeywell's Track and Trace Solutions, driving sustenance, development, and support initiatives. Skilled in leveraging technical knowledge to foster collaboration among stakeholders and build high-performing, efficient teams. Experienced in SAFe methodologies and proficient in Scrum activities, ensuring streamlined workflows and effective project execution. A versatile professional committed to excellence and continuous innovation in technology-driven environments.
